

EXPO HALL

Our Expo Hall is clearly one of the highlights to the show, where you can find everything from the latest and greatest AAA titles to the Indie darlings you've been reading about online. There's a full list of all our participating exhibitors both on our website, and in our handy mobile app!

INFO DESK

Questions? Did you lose something? Break your mask and need a new one? Need some cheat codes to get past that friggin' boss on level 7? The kind info desk souls can help.

PAX ARENA POWERED BY CLX

Experience the rush of watching world class gaming talent clash against each other in an epic quest to demonstrate just how bad at games the rest of us really are.

QUEUE ROOM

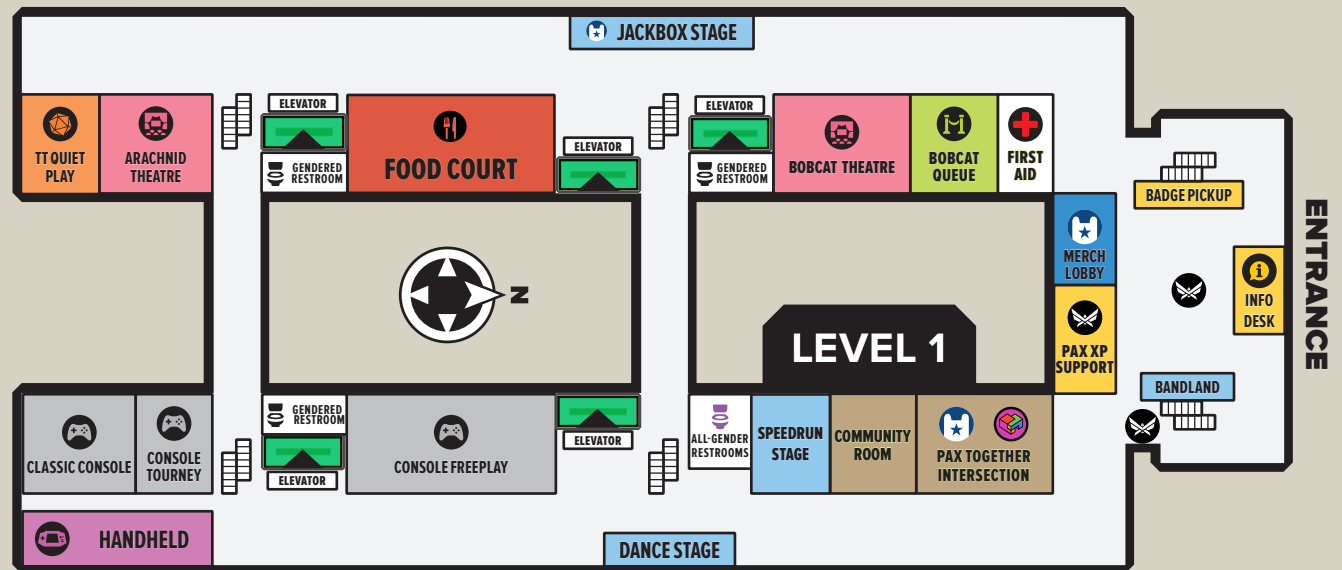

Traditionally, this is where you go when you arrive early, but this space is also DUAL PURPOSE! We also use it for things like meet-and-greets and signings. If that sounds tricky, don't worry, our squad of Line Managers are more than capable.

CONSOLE GAMING

The Console areas aren't just of rooms housing hundreds of game systems and thousands of games. They're where friendships are discovered, love is found, and a lifetime of cherished memories are created. You can also play console games here.

PAX XP

You cannot be *told* what PAX XP is. You have to... wait a minute, no, you totally can be told. It's part mini-game scavenger hunt, part photo delivery system, part show-wide popularity contest between Gabe and Tycho, part random prize redemption...you know what? I had it right the first time. *You have to see it for yourself.* Start your adventure at PAXXP.com.

MERCH BOOTH

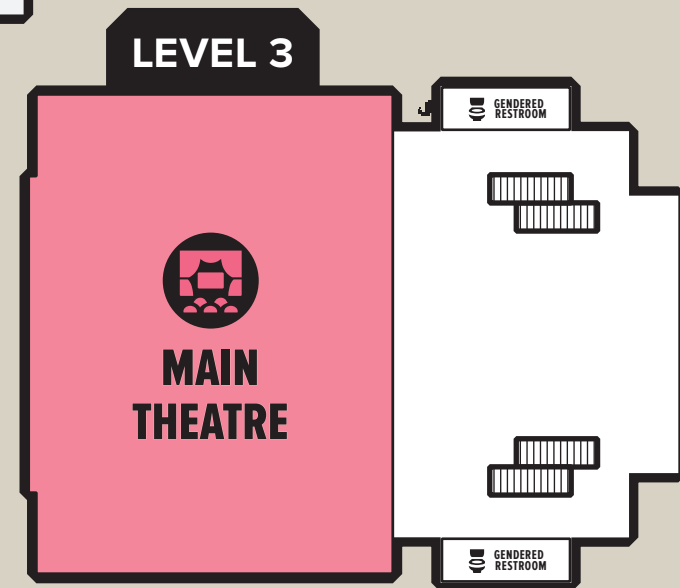

Merchandise! Merchandise! Merchandise! Come see Lidija worn to a husk as she tries to get as many exclusive show items into your hands as she possibly can, with or without killing herself. Laugh at her exhaustion! Gamble on how long it takes for her voice to completely and hilariously fail her!

We...uh...probably should have used this space to actually, like, talk about the merch. OH WELL.

A QUICK NOTE ABOUT COSPLAY!

We're all here for the games, but we know some of you like to dress up *like the games*. If a weapon is part of your costume, please be sure to go through our Weapons Check procedure at Info Desk. Oh, and be sure to check out the Community Room schedule for some cosplay community gatherings.

For more information, see the Safety and Security section of our website or app.
